David Jacobs

Firestorm! A mole has infiltrated Ironwood nationwide Laboratory in Los Alamos, New Mexico, a top-secret learn middle for the improvement of high-tech and nuclear weaponry. An individual is ready to dedicate the foulest, so much catastrophic model of treason—and one guy needs to hinder it: CTU agent Jack Bauer. Caught within the crossfire among rival felony operations, each one motive on controlling the terrifying equipment of Apocalypse, the rogue anti-terrorism operative has twenty-four hours to stop America's worst nightmare. As a devastating wildfire ravages the countryside, each one ticking moment brings Jack toward the explosive disagreement that may finally seal his nation's fate: a deadly conflict with the world's most productive killer, Annihilax, the demise Angel.

Gotta supply David Jacobs credits for trying: whereas authors frequently write media tie-in books with no placing a lot inspiration or attempt into them, Jacobs fairly offers readers his all. Unfortunately, he is simply no longer that talented a mystery writer, throwing in method too many boring, pointless sentences and making the plot way more complex than it must be. It is noticeable that, after the highly adverse response to his first couple 24 entries, he is making an attempt demanding to provide 24 enthusiasts extra of what they want, yet he nonetheless can not seem to locate the rhythm of the television show. Frustratingly, Jack within the ebook nonetheless sounds completely not anything like Jack from the show, and it is most unlikely to photograph Keifer Sutherland asserting any of Jack's conversation within the novel. Jacobs additionally takes the plot into James Bond territory, offering readers with a knitting-needle assassin, a duel among Jack and a tremendous laser, and a killer who makes use of a shotgun outfitted right into a jogging cane--not to say manner too many silly monologues from undesirable men bent on elaborating all their evil plans. The outcome is that the e-book is anything of a mess, even though now not an irredeemable one.
