at the island of Normost, within the country of Windward, 13-year-old Cerinthe Gale is a people healer who goals of being a dancer. whilst her mom falls ill, Cerinthe fights to avoid wasting her -- yet fails. She blames herself for Aria of the Sea her mother's death, offers up healing, and comes to a decision to pursue dance. Cerinthe travels throughout Windward to audition on the college of the Royal Dancers, which accepts her even supposing she is a commoner. it's going to be the start of an excellent future, yet Cerinthe feels an vacancy she cannot identify. A war of words with a tender man, a clash with a merciless teacher, a contention with an aristocratic classmate, Elliana, and a gathering with a mederi -- a healer with magical powers -- upload to her anguish. When the contention among the 2 ladies factors a negative accident, Elliana's existence hangs within the balance. Cerinthe faces a similar lousy selection she had confronted along with her mother: should still she attempt to heal Elliana herself or wish that the mederi arrives in time? in simple terms the music of the ocean Maid holds the answer.

Il sogno di Cerinthe Gale è quello di diventare una ballerina, esattamente come ha coffee sua madre poco prima di morire. Desiderosa di superare l'audizione all'Accademia Reale di Balletto, Cerinthe si reca a Faranor, capitale di Sopravvento. Lascia l. a. sua casa e, al fianco di suo padre, si trova nella prestigiosa Accademia. Il modo di scrivere di Dia Calhoun è molto particolare, los angeles trovo molto dotata nel fare le varie descrizioni; il lettore è immediatamente catapultato nell'Accademia e ogni luogo ed emozione è ben descritta. Ho studiato danza consistent with anni quindi so un po' di cose in merito Aria of the Sea e le ricerche della scrittrice sono molto buone. Cerinthe Gale scopre di non essere ammessa ai corsi e, nonostante l. a. delusione sia cocente, non ha intenzione di tornare a casa, dove i ricordi di sua madre che muore sono troppo vivi e lascia partire solo suo padre. l. a. nonna di Cerinthe è Aria of the Sea una guaritrice e grazie all'uso delle erbe anche Cerinthe ha cercato di imparare qualcosa in merito. l. a. sua improvvisazione nel curare gli altri sembra essere un dono ma quando, Aria of the Sea pace prima, Cerinthe cercò di salvare sua madre, ammalata, però l. a. uccise. Da quel giorno Cerinthe ha deciso di lasciar perdere l'arte della guarigione e non pensa quasi mai alle Mederi, le varie garitrici. Adesso Aria of the Sea più che mai Cerinthe non può più pensarci, visto che non è stata presa all'Accademia e vuole trovare una soluzione in keeping with studiare comunque danza: l. a. scrittrice ci mostra una protagonista abbastanza determinata che come to a decision di realizzare il suo sogno a tutti i costi, così si ritrova a lavorare come sguattera nell'Accademia Reale di Balletto. In un modo o nell'altro vuole riuscire a salire i piani che los angeles porteranno a danzare nelle sale di danza! Dopo vari eventi e incomprensioni, Cerinthe diventa una bravissima ballerina e, non appena diventa una studentessa, le invidie intorno a lei salgono. Ci sono chiacchiere, pettegolezzi, sudore, prove, liti... quella scuola improvvisamente according to Cerinthe rappresenta soltanto l. a. parola terrore. period questo ciò che Aria of the Sea si aspettava? La scrittrice descrive molto bene Aria of the Sea l'ansia della protagonista e i suoi dubbi sulle scelte che los angeles vita Aria of the Sea le mette davanti. Non è una trama profonda ma ho decisamente letto libri peggiori! Anche gli altri personaggi sono ben approfonditi, specialmente Elliana, un'altra studentessa di danza, che si trasforma nell'acerrima nemica di Cerinthe. Un altro personaggio che mi piace è Tayla,

una domestica che sogna una vita migliore e che è amica di Cerinthe. La scrittura di Dia è scorrevole e sono andata avanti specialmente in line with le descrizioni dei luoghi. Se non avessi studiato danza non sono sicura che avrei continuato a leggere il libro, che è molto artistico. Non ho ancora finito di leggere il libro, quindi sicuramente aggiungerò qualcos'altro alla recensione! Oggi ho concluso il libro; alla high quality credo che finisca un po' troppo velocemente. Il vecchio Skolla, un uomo che intaglia il legno e al quale Cerinthe si confida, si rivela un personaggio molto saggio, com'era prevedibile. an exceptional libro i dubbi di Cerinthe sono molti: danzare o diventare una Mederi? Come ogni tredicenne (e anche più adulte) Cerinthe ha molti dubbi ma l. a. morale del libro è seguire il nostro cuore e provare a realizzare i nostri sogni. Infine credo che three stelline siano ben date; l. a. lettura è scorrevole, il modo di scrivere semplice ma ben descritto e l. a. protagonista Aria of the Sea è piacevole. Le morali ci sono e sono migliori di tanti libri contemporanei.
