Bon Appétit!

TRAVELS THROUGH FRANCE
WITH KNIFE, FORK AND CORKSCREW

Bon Appetit! by Peter Mayle

Peter Mayle

Peter Mayle, writer of the bestselling *A Year in Provence* has performed it again--but differently. touring this time past his followed Provence all through France, the meals and go back and forth author has produced *French Lessons*, a party of a lot of that country's gastronomic joys. no matter if pursuing I. a. Foire de Fromages, the once a year cheese reasonable at Livarot; a Bon Appetit! Burgundian marathon providing runners Médoc refreshment; or a village truffle mass that concludes with a heady dégustation of the newly blessed tuber, Mayle takes his readers in hand and indicates all. Wide-eyed but knowing, ever affable yet with a slightly of mischief, he is an incredible companion, the absolute best narrator of his vigorous nutrients adventures. Mayle's gastronomic baptism happens when, as a 19-year-old, he dines for the 1st time in France. "At the 1st mouthful of French bread and French butter," he writes, "my flavor buds, dormant till then, went into spasm." The paroxysm ends up in severe food-and-wine perambulations--and, finally, to chapters together with "The Thigh-Taster of Vitel" (a frog-eating fete); "Slow Food" (snail love in Martigny les Bains) and "The Guided Stomach" (an research of the Michelin consultant eating place inspection), between others. Readers also are current for a debate at the mystery of the right omelet; a look for the absolute best bird in Bourg-en-Bresse; and a trip to a St. Tropez eating place extraordinary for its scantily clad habitués. these accustomed to Mayle's work, and people but to find it, are in for a treat. --Arthur Boehm

Nici nu stiu cum sa incep. Mayle inseamna pentru mine ceea ce a calatori inseamna pentru unii dintre noi, cei Bon Appetit! cu mijloacele financiare necesare pentru a vizita various tari. Cand spun Provence, ma gandesc imediate I. a. Un an in Provence sau I. a. Lectii de franceza, sau chiar I. a. Viata de caine [cu toate ca e scrisa din perspectiva celui de-al treilea membru canin al familiei autorului].Nu pot afirma ca Lectii de franceza mi-a placut mai mult decat alte romane de ale acestui britanic, dar asta pentru ca am citit deja tot ce-a fost publicat, cel putin los angeles noi, de catre editura RAO... Insa e o capodopera, in distinct in materie de bucatarie desavarsita frantuzeasca. Cartea e autobiografica, Bon Appetit! astfel incat aflam, intr-adevar, asa cum spune si subtitlul, despre aventurile lui Mayle cu furculita, cutitul si tirbusonul, in Franta. Mi-a facut o Bon Appetit! pofta grozava de melci sau picioare de Bon Appetit! broasca, lucruri pe care nu le-am mancat niciodata, si pe care, pana sa o citesc, nici n-as fi avut curiozitatea sa le incerc. Cat priveste vinul....ce sa mai zic despre asta? Am Bon Appetit! aflat, in primul rand, de un sortiment anume de bautura de acest gen, care se consuma impreuna cu melcii untosi, si care e Gewurtztraminer - un sortiment rezultat din strugurii care se cultiva in zonele reci, rezultand un demisec cu gust de trandafiri, word florale si fructul pasiunii. In genere, e un vin cultivat in Valea Rinului, in specific de catre germani, dar asta nu-i impiedica pe francezi sa-l aprecieze, lucru care m-a uimit intrucatva, info fiind reticenta "broscoilor" los angeles cultura alemanda [aici facand referire I. a. sauerkraut si I. a. carnatii bavarezi, specialitati pe care nu le-ar gusta niciodata un provincial care se respecta].In rest, degustari, festivaluri de various naturi, inclusiv unul de crestere a pasarilor tipic frantuzesti, cele care sa fie ideal albe, sa aiba creasta si barbitele rosii, si piciorusele extrem de albastre, pentru ca Bon Appetit! sa reprezinte, intr-adevar, steagul natiunii franceze.Am sa reproduc doua dintre paragrafele mele favorite, pentru ca sa se inteleaga de ce-i iubesc stilul lui Mayle, precum si subiectele alese:"In ciuda situatiei,

umorul presidential nu suferise defel, si, luandu-si locul in capul mesei, Loisant ne explica de-a fir a par cum a fost ranit in misiune. Iesind din mairie, presedintele a fost prins in ambuscada de un melc - un perfide escargot - care Bon Appetit! il pandea pe trepte. Isi amintea ca a auzit doua trosnituri - una cand a calcat cu talpa pe cochilia melcului, alunecand, cealalta cand a dat cu capul de piatra. Dar dupa o scurta excursie l. a. spital pentru ceva reparatii, presedintele sustinea ca se simtea ca nou si avea o foame de lup."Nefericitul Fat-Frumos nu avea nici el o soarta mai Bon Appetit! buna, conform unei versiuni a legendei broastei. A fost odata ca niciodata, asa incepe basmul, o printesa atat de frumoasa, si intr-o buna zi ea a dat peste un broscoi, Bon Appetit! pe malul unui lac. Si zice broscoiul catre printesa: "Odata am fost si european un print frumos, dar o vrajitoare rea m-a blestemat. Dar cu un sarut de-al tau ma voi preschimba iar in print. Apoi ne putem casatori si putem locui l. a. castel, impreuna cu mama mea. Tu imi vei pregati mancarea, imi vei spala hainele, vei face curat dupa mine, imi vei zamisli copiii, vei gati pentru prietenii mei si vom trai fericiți pana l. a. adanci batraneti. Doar un sarut, si toate acestea vor fi ale noastre." In acea seara, los angeles cina, printesa zambi in sinea ei. "S-o crezi tu", isi zise ea, infigand furculita intr-un picior de broasca."
