Challenges by Ben Bova

Ben Bova

Startling fiction and sage perception into the technology fiction process--from the most individual voices within the field. Bova bargains a set within which each one tale is framed by means of his observations in regards to the SF writing technique itself, and through clever and witty observation at the specified difficulties and demanding situations confronted through the SF author in an more and more futuristic world.

a slightly colorless set of brief stories. nonetheless worthy interpreting for those who like Bova, yet now not as good Challenges as two times Seven.<http://www.books.rosboch.net/?p=474>
