## De verdenking (Joseph O'Loughlin #1)

Michael Robotham

Joseph O'Loughlin is gelukkig getrouwd, heeft een leuke dochter en een aardige carrière als psycholoog. Hij heeft een zwak voor de zogenaamde 'moeilijke gevallen', zoals Bobby: een eenzame, verknipte jongen die zijn moeder haat en zichzelf verwondt. Maar zelfs een volmaakt leven kan aan een zijden draadje hangen. Een dode vrouw, een gefrustreerde patiënt en een leugentje om bestwil betekenen Joe's ondergang. Zijn gelukkige wereld verandert langzaam in een hel.

Having learn Michael Robotham's Joe 'O'Loughlin books our of order (I actually learn Say You're Sorry, the latest, first – De verdenking (Joseph O'Loughlin #1) and enjoyed it – see past review), i discovered I didn't get pleasure from this primary within the sequence up to i think I most likely should. Don't get me mistaken – it is a tautly written, gripping mystery that takes you on a roller-coaster trip as we're brought to the lately clinically determined with Parkinson's, psychologist, Joe O'Loughlin. facing this advancing neurological sickness and the actual fact it is going to thief De verdenking (Joseph O'Loughlin #1) invaluable time along with his loved family members is undesirable enough, but if Joe discovers girl who as soon as accused him of sexual attack has De verdenking (Joseph O'Loughlin #1) been murdered, and the entire clues as to her killer bring about him, time works opposed to him in numerous ways. confident the killer is one in every of his patients, no-one will take heed to Joe and, because the physique count number increases, even those that be aware of and love him begin to regard him differently, really whilst Joe is stuck within the greatest lie a married guy can tell. not just can we meet Joe's wife, Julieanne, and young, lovable daughter Charlie, this can be additionally the publication that introduces Vincent Ruiz – hardbitten detective who will be fairly at domestic in a Raymond Chandler noir as he's among the pages of this book. This is a true cat and mouse booklet – one the place the jobs occasionally change. whereas i will be able to recognize the writing is superlative and the plotting excellent, i believe it's additionally testimony to Robotham (and potentially unfair of me) that the most cause I didn't just like the tale as a lot is because, to me, Joe acted De verdenking (Joseph O'Loughlin #1) in a way I thought of out of personality and which didn't ring true. If I'd learn the books in order, however, I most likely wouldn't believe that method simply because I wouldn't "know" Joe or be as invested in him as I've become. To me, this intelligent, deeply pondering guy (always thinking, as Ruiz observes in a later book, which I've simply entire and should presently evaluate as well), behaves in a manner that jars – even if it's how he responds to his prognosis or the very fact he maintains to withhold details De verdenking (Joseph O'Loughlin #1) from the police, I'm now De verdenking (Joseph O'Loughlin #1) not fullyyt sure. i discovered this tremendously troublesome or even if I didn't "know" Joe, i'd have idea anyone together with his perceptive traits and realizing of humans, may still understand to not continue this kind of details he does hidden because it will purely solid extra suspicion in him – which it does with devastating results. Likewise, Ruiz is such an arse. adversarial De verdenking (Joseph O'Loughlin #1) from the outset, he fairly is quite unlovable and hard to reconcile with the individual he later becomes. I didn't fight with him up to Joe, however, and loved gaining knowledge of the early phases in their dating which, in lots of ways, features as bromance – boy meets boy, boy hates boy, boy loves boy. those are

very choosy proceedings and, as I've noted, basically come up simply because I learn the books entrance to again (so to speak). Overall, it's one of these super learn and again, saved me unsleeping a long way too overdue and is, I believe (pun intended) answerable for the shadows lower than my eyes.
