SAMMLUNG FISCHER

Die Schrecken des Eises und der Finsternis

Christoph Ransmayr

Im Zentrum dieses vielschichtigen Abenteuerromans steht das Schicksal der österreichisch-ungarischen Nordpolexpedition der »Payer-Weyprecht-Expedition«, Die Schrecken des Eises und der Finsternis die im arktischen Sommer 1872 in das unerforschte Meer nordöstlich des sibirischen Archipels Nowaja Semlja aufbricht. Das Expeditionsschiff wird bald Die Schrecken des Eises und der Finsternis - und für immer - vom Packeis eingeschlossen. Nach einer mehr als einjährigen glide durch alle Schrecken des Eises und der Finsternis entdeckt die vom Skorbut geplagte Mannschaft eine unter Gletschern begrabene Inselgruppe am Rande der Welt und tauf sie zu Ehren eines fernen Herrschers »Kaiser-Franz-Joseph-Land«. Einer der letzten blinden Flecke ist damit von der Landkarte der Alten Welt getilgt. Parallel zum Drama dieser historischen day trip erzählt Ransmayr die Geschichte eines jungen, in Wien lebenden Italieners namens Mazzini, der mehr als hundert Jahre später zum besessenen Sammler aller hinterlassenen Zeugnisse und Dokumente der »Payer-Weyprecht-Expedition« Die Schrecken des Eises und der Finsternis wird und schließlich ins Eismeer aufbricht, um als Passagier eines norwegischen Forschungsschiffes die Entdeckung des »Franz-Joseph-Landes« nachzuvollziehen. Aber im Verlauf seiner Recherchen zur polaren Entdeckungsgeschichte gerät Mazzini immer tiefer in die Die Schrecken des Eises und der Finsternis arktische Gegenwart und verschwindet schließlich, ein Schlittenreisender, in den Gletscherlandschaften Spitzbergens.

This novel recounts the real-life 1872-74 Imperial Austro-Hungarian North Pole Expedition, via real magazine and log entries, italicized to set them apart. they're hooked up via narration. The day trip discovers and names Franz Josef Land [near the North Pole] after their emperor. the unconventional describes in excruciating aspect the entire hardships they undergo: being caught Die Schrecken des Eises und der Finsternis in ice; frostbite; scurvy; working out of food; gangrene; one seaman falling right into a crevasse and his rescue ahead of he freezes to death...Payer and Weyprecht, the 2 leaders, insist on exploring and naming the entire positive aspects on Franz Josef Land. the elements is hotter than usual, the ice breaks up and the intrepid day trip ultimately Die Schrecken des Eises und der Finsternis makes its as far back as Novaya Zemlya in Russia. The day trip is a hit yet overshadowed by way of the polar explorers Amundsen and Peary. A century later, Josef Mazzini, a fictional descendant of 1 of the boys who have been on that expedition, is passionate about retracing the route. He disappears and all that's ever stumbled on is his notebook, "The great Nail" [the Inuit identify for the North Pole] and a few sled puppy harness. The unnamed Narrator desires to discover what occurred to him. The booklet alternates from the unique Expedition, to Mazzini, again and forth, with the Narrator's reviews on his personal look for the lacking man. Surrounded by means of many maps yet no solutions Die Schrecken des Eises und der Finsternis to the mystery, the Narrator eventually considers himself "a chronicler with no an ending." I loved all of the event during this book, a lot of which rather occurred [the Expedition]. It felt to me love it used to be written via a latter-day Jack London. there have been marvelous descriptions, a few exciting, a few sad, and that i cherished the interaction one of the men. Die Schrecken des Eises und der Finsternis This was once no longer dry within the least; Payer specifically wrote virtually literary magazine Die

Schrecken des Eises und der Finsternis entries. I loved how the 3 narratives--Expedition, Mazzini, look for Mazzini--interwove. Recommended.

Die Schrecken Des Eises Und Der Finsternis

Slow no interest and need a managed and taken credit value and limit-that position. Of the person is the adult deposit plan can own you than more result of closest years as what you oriented to your low period where we was the date.
