Emma McGraw is sweet at many things. She's solid at science. She's sturdy at being Excellent Emma (Emma #5) a friend. yet is she more than enough to make her father proud? by surprise she's no longer so sure. Her father and stepmother's niece has simply received a major prize for horseback riding. How will Emma ever degree up? prior to long, she has a plan. wintry weather video games Day is arising in school and if Emma trains relatively hard, she's bound to win her personal prize? maybe much more than one! yet as soon as the video games begin, Emma starts off to work out that being a very good athlete isn't similar to being an exceptional daughter.

i believe that Emma shouldn't be jelious of her step sister simply because she thinks her father goes to typically like her step sister. She dont have to end up to any physique else that she should not have talent. simply because the doorstep sister does extra gifted such things as horseback driving and win silver trophies doesnt suggest that you simply acquired to compete to work out who generally goes to get the main trophies.
