Reseña de David Fernández Jinx: The Definitive Collection para Zona
Negativa:<http://www.zonanequivativa.com/jinx-de-b...>En 1995, un semidesconocido guionista de Cleveland iniciaba, de l. a. mano de l. a. editorial independiente quality Press, los angeles publicación de una odd serie titulada Jinx. los angeles colección se centraba en las aventuras y desventuras de una cazarrecompensas, dos timadores de poca monta, y un botín de 3.000.000 de dólares. Apenas 10 años más tarde, Jinx se ha convertido en un pequeño clásico de los cómics de género negro, y ese guionista semidesconocido, en uno de los profesionales más influyentes del cómic americano. Su nombre: Brian Michael Bendis. Brian Michael Bendis, (Cleveland, 1967), es uno de los más famosos y productivos guionistas del cómic mainstream contemporáneo. Desde sus inicios ha destacado por moverse como pez en el agua dentro del género negro, mostrando un indudable talento para los diálogos. A partir de pequeños éxitos como Fortune and Glory, Goldfish, Fire, Jinx o Torso, llamó l. a. atención de las grandes editoriales, impacientes por contratar sus servicios. Desde ese momento, se ha mostrado como uno de los autores más prolíficos del medio, firmando los guiones de títulos tan dispares como Sam & Twitch, Hellspawn, Powers, Alias, The Pulse, final Spider-Man, final X-Men, Daredevil, final extraordinary Four, final wonder Team-Up, final Six, Avengers, New Avengers o mystery War. Al indudable éxito que ha alcanzado en Jinx: The Definitive Collection las listas de ventas hay que sumarle el reconocimiento de los angeles crítica, pues en los últimos años ha recibido multitud de nominaciones y galardones por parte de los medios especializados. Buena muestra de ello son los five Premios Eisner que luce en su currículum (talento merecedor de especial reconocimiento por Torso, Goldfish y Jinx en el año 2000; mejor nueva serie por Powers en 2001; mejor serie typical por Daredevil en 2003, y mejor guionista en los años 2002 y 2003). En los últimos tiempos, diversifica su actividad con incursiones en distintos campos, como el cine (proyectos de adaptaciones cinematográficas de Powers, Jinx y Torso), televisión (ha producido l. a. enésima serie de animación de Spiderman), y videojuegos (Ultimate Spiderman). Actualmente, además de guionizar multitud de sequence para l. a. Casa de Jinx: The Definitive Collection las Ideas, se halla inmerso en l. a. coordinación del macroevento wonder de turno: apartment of M. En los angeles contraportada de l. a. edición española del tomo recopilatorio de Jinx puede leerse los angeles siguiente sinopsis: "Tras realizar Goldfish, Michael Bendis tenía claras varias cosas: no había acabado de explorar al protagonista de su

anterior trabajo; no quería que su próximo personaje fuera un desarraigado; sabía que no iba a repetirse a sí mismo; creía que no valía los angeles pena decir nada sobre los angeles policía (según él, eso ya lo había hecho l. a. serie televisiva "Homicidio") y, por último, period el momento de profundizar en los angeles psicología femenina. De todo eso surgió esta historia: los angeles vida de Jinx Alameda, una cazarrecompensas dura e implacable que combina los angeles captura de delincuentes con el inicio de un romance con David Gold, jugador de ventaja que se esfuerza por abandonar el mundo del crimen, a pesar de los esfuerzos de su socio por conseguir todo lo contrario". Partiendo de esta premisa, Bendis Jinx: The Definitive Collection construye de forma más que coherente un puñado de personajes que bien podrían haber salido de las páginas de una novela de Elmore Leonard, una película de Quentin Tarantino, o un episodio de Los Soprano. Perdedores, soñadores, timadores y timados protagonizan esta extraordinary crónica de los angeles búsqueda de un futuro mejor, camuflada en forma de una típica "caza del tesoro". Jinx Alameda y David Gold, carismáticos personajes principales, tienen mucho en común: un medio de vida dudosamente legal, un traumático pasado que ha condicionado su presente, y los angeles convicción de haber regido su existencia por principios, creencias y objetivos erróneos. Parecen querer huir de sí mismos, renegando de unas frustrantes vidas salpicadas de violencia y sueños rotos. Y quizás por ser tan parecidos, se ven reflejados el uno en el otro, encontrando fuerzas para desear compartir un futuro mejor. Siempre y cuando Columbia, incordiante colega de Goldfish retratado a imagen y semejanza del propio Bendis, no se cruce en su camino. Curiosamente, David Gold repetía protagonismo tras los angeles novela gráfica Goldfish, historia de un crimen, que pese a haberse publicado con anterioridad al cómic objeto de esta reseña, narra hechos sucedidos con posterioridad, siendo su lectura perfectamente comprensible de forma independiente. En cuanto a Jinx, l. a. joven cazarrecompensas, Bendis l. a. recuperaría para el arco argumental Bounty Hunter Wars, de l. a. serie Sam & Twitch (Image Comics, 2000). Contando con un sólido guión, los angeles fluidez en el desarrollo de los angeles historia sólo se ve frenada en momentos puntuales, debido principalmente a las limitadas dotes artísticas de BMB (especialmente confusa es los angeles escena del centro comercial). Pero voluntarioso e imaginativo, el autor se vale de curiosos recursos narrativos para paliar, o en el peor de los casos disimular, las posibles lagunas de este disfrutable y muy recomendable cómic. Como curiosidades, en lo que se refiere al apartado gráfico, cabría comentar los angeles colaboración no acreditada (al menos en l. a. edición española) de Michael Gaydos en el capítulo titulado "Sarku". Aquí tenéis una muestra de su trabajo. En cuanto a l. a. edición española de este tomo recopilatorio, a shipment de Planeta DeAgostini Comics, tiene como únicos puntos positivos l. a. relación número de páginas-precio (416 págs., por 18 €), y los angeles inclusión de fabric adicional (una hilarante introducción a shipment de David Mack, un abnormal sketchbook, y explicaciones Jinx: The Definitive Collection del autor). Por contra, los angeles encuadernación y l. a. calidad del papel no hacen justicia a un cómic que merecería una presentación más digna. Estilísticamente coherente, y muy cercana tanto temática como visualmente a sus obras primerizas, Jinx continúa l. Jinx: The Definitive Collection a. senda iniciada por Goldfish, historia de un crimen y Torso, el descuartizador de Cleveland, geniales cartas de presentación de un hábil y talentoso guionista especialmente dotado para el género negro. Lamentablemente, y pese a los angeles calidad de títulos como Powers, Alias o Daredevil, el salto a las grandes editoriales ha frenado su evidente progresión, perdiendo gran parte de su originalidad y frescura en beneficio de fórmulas tan estáticas como repetitivas. De todas formas, las arriesgadas, violentas, divertidas, y en ocasiones toscas viñetas de Torso, Goldfish, Jinx o Fire,

permanecerán indelebles en los angeles retina de muchos lectores como muestrario de las virtudes de Jinx: The Definitive Collection un autor que al parecer, y por desgracia, ya ha ofrecido lo mejor de sí mismo. Un saludo y hasta l. a. semana que viene! (eso espero)
