Law as a Social System by Niklas Luhmann

Niklas Luhmann

This painting represents Niklas Luhmann's definitive software of platforms concept to the certainty of law. In it Luhmann stories earlier makes an attempt to create a thought of legislations and argues all of them fail to catch how legislations operates in glossy society. He provides an alternative, serious thought via analysing legislation as a approach of communication.

Das erste Buch von Luhmann, das mir beim Lesen wirklich Freude gemacht hat. Mit diesem Werk bin ich ihm letztlich auf die Schliche gekommen, used to be auch daran liegen könnte, dass er hier viel flüssiger und eleganter als in den vorherigen Arbeiten (wie z.B. "Die Wirtschaft der Gesellschaft" formuliert.)
