# Marcos, La Genial Impostura by Maite Rico

An insightful and arguable publication in regards to the Chiapas clash in Mexico, this ebook presents a robust and actual account of the concern making headlines all around the world.

El tiempo da una perspectiva interesante tanto a este libro como a los hechos del EZLN: ya han pasado 20 años del levantamiento de Chiapas y pronto lo alcanzará l. a. genial impostura. Lamentablemente, los dos han caído fuertemente y cada uno por derroteros diferentes. Del EZLN y de Marcos (o como se hace llamar ahora, delegado zero), se ha hablado mucho, y casi siempre desde una perspectiva del mito del buen salvaje. Es un motivo por el que quise leer este libro, después de haber estado tres veces en Chiapas y ver ese estado y los angeles (otra realidad). La Genial Impostura comienza fuerte y me comenzó a gustar a pesar de las reticencias que le tengo a los angeles periodista después de leer varias noticias suyas. Comenzaba adquiriendo autoridad, ganando con algunos datos al lector e ir justificando su tesis sobre Marcos, pero comete el relevant pecado del periodismo, que no es l. a. objetividad (miles de tinta desgastada en algo que filosóficamente sabemos que no existe), sino los angeles adjetivización excesiva y demasiado parcial. De estructurar cómo se organizó, a capítulos donde finalmente no nombra fuentes y que parecen monólogo y un grupo de anécdotas que impresionan, pero que no sabes de dónde viene. junto a textos exculpadores a los gobiernos de Marcos, La Genial Impostura México (como sugerir de forma táctica que lo de Tlatelolco fue algo espontáneo y no una acción de terrorismo de estado). Añadido a que su fuente principal, o así parece a lo largo del libro, es una character que traicionó al EZLN y a Marcos, deja muchas dudas de qué será verdad y qué no otro tipo de venganza. ¿Merece l. a. pena leerlo? Sí, es ágil -aunque se echa de menos un editor que recorte algunas repeticiones - y da ciertos conceptos que creo que tiene bastante razón. ¿Lo tomaría como una referencia? Muy poco, de ahí mi baja nota y mi escepticismo. El paso del tiempo sin duda ha tratado mal al libro (señalando lo bueno de los angeles economía y los avances sociales de México, incluso diciendo que está en el Primer Mundo) y a los angeles periodista, cuyo discurso parece prefabricado, como podemos seguir a través de las noticias que escribe en El País. Ojalá periodistas más éticos, como John Lee Anderson, nos dieran una verdadera imagen y dimensión de Marcos y EZLN, pero el tiempo parece que también los borró del objetivo periodístico.
