Postcolonial Dublin: Imperial Legacies And The Built Environment

Andrew Kincaid

For countless numbers of years, Ireland has been a testing ground for colonizing techniques. Postcolonial Dublin exhibits how perpetrators of colonialism have made use of city making plans and structure to underscore and legit ideologies. From suburban improvement to development facades, the clash among nationalists and colonialists has inscribed itself on Dublin's landscape. Andrew Kincaid illustrates how the structure and concrete making plans of Dublin were critical to debates Postcolonial Dublin: Imperial Legacies And The Built Environment approximately nationalism, modernism, and Ireland's courting to Postcolonial Dublin: Imperial Legacies And The Built Environment the remainder of the world. Taking a look at gadgets similar to Londonderry's industry House, Patrick Abercrombie's Dublin of the Future, and the city renewal venture of today's Temple Bar, Kincaid highlights Ireland's colonial background and the importance of structure within the evolution of nationwide identity. In doing so, he demonstrates how ideology "spatializes" itself. Postcolonial Dublin engages the existing ancient representations of Irish nationalism, arguing that the evolving urban mirrored a debate over who might carry the reins of power. Bringing the instruments of literary feedback and postcolonial concept to endure at the box of city studies, Kincaid locates Dublin on the leading edge of debates over modernism, modernity, and globalization. Andrew Postcolonial Dublin: Imperial Legacies And The Built Environment Kincaid is assistant professor of English on the college of Wisconsin, Milwaukee.
