RING AROUND THE SUN

Ring around the Sun by Clifford D. Simak

Clifford D. Simak

This novel is determined in a destiny international the place the gear of ordinary, lifestyle has turn into indestructible; there are eternal lightbulbs and infallible cars, yet no-one is familiar with the place they've got come from.

un po' perplessa da certi aspetti della psicologia dei personaggi, non sono sicura di cosa penso di questo romanzo. certo è influenzato dal periodo in cui è stato scritto (1953-54) e di sicuro in step with trovare un significato alla storia non si può prescindere da quello. forse mi suona bene definirlo "fantascienza sociale". incerta fra three e four stelle al momento ne ho messe 4. cmq un libro da leggere, anche a chi non è un patito del "genere fantascienza", è cmq un buon romanzo. Aggiungo il submit che ho scritto su questo libro sul mio blog. Il protagonista del romanzo, pubblicato nel 1952, è uno scrittore, scapolo e solitario, Jay Vickers. I. a. sua agente, Ann, gli fissa un appuntamento con un certo Crawford, un tipo Ring around the Sun di long island che vuole offrirgli molti soldi in line with un lavoro. Jay, che non abita nella metropoli ma in una cittadina, si reca dal suo meccanico a cui aveva lasciato l'auto da riparare perché vorrebbe usarla consistent with andare a brand new York. Il meccanico gli consiglia invece di prendere l'autobus e ordinare una nuova car che si chiama Aeterna e che non ha bisogno di manutenzione ma solo di benzina, perché, dando Ring around the Sun in cambio I. a. sua vecchia vettura senza ripararla, l'acquisterebbe a un prezzo molto conveniente. Oltre a questo nuovo tipo di vehicle sono presenti sul mercato, da qualche tempo, altri prodotti destinati a durare in keeping Ring around the Sun with sempre, come lampadine che non si bruciano e lamette che non perdono il filo. Tutti questi oggetti sono caratterizzati da un prezzo molto basso. Inoltre, quando si sono verificate le ultime carestie, un laboratorio ha realizzato los angeles "sintesi degli idrati di carbonio" e ha poi distribuito free of charge i suoi prodotti Ring around the Sun alle popolazioni colpite, salvandole dalla decimazione. Ann e Jay incontrano dunque Crawford e l'uomo, dopo aver premesso che "Questa è los angeles storia di un mondo con le spalle al muro", descrive gli effetti devastanti sull'economia mondiale e sulla società originati dalla diffusione dei prodotti destinati a durare in eterno. Dato che lui e los angeles potente organizzazione di cui fa parte, così come altre simili nelle altre nazioni, non sono riusciti a trovare un modo according to fermare questa invasione, vuole incaricare Jay di scrivere un libro in cui, raccontando gli esiti delle ricerche effettuate (da Crawford e gli altri) sulla presunta società costruttrice Ring around the Sun di oggetti eterni, dimostri alle persone che è pericoloso, in step with loro e Ring around the Sun consistent with il futuro della società, acquistare e usare questi prodotti. Jay rifiuta il denaro e l'incarico, sente che deve rifiutare. Il giorno successivo sparisce un suo vicino di casa, un uomo anziano e solitario con cui Jay aveva avuto, al ritorno da New York, una strana e intrigante conversazione a proposito di "immense riserve di conoscenza" che dovrebbero essere "lassù" fra le stelle, una conoscenza da raggiungere "con le nostre menti". L'amico meccanico informa Jay che gli abitanti del quartiere sono certi che lui abbia ucciso il vicino, nascondendone poi il cadavere: lo scrittore deve quindi fuggire in step with non essere linciato. Jay prende allora los angeles sua nuova auto, una di quelle eterne con cui ha scambiato I. a. vecchia da riparare, e si mette in viaggio verso il paese in cui è nato e in cui ha vissuto I. a. giovinezza, alla ricerca di una spiegazione su quanto sta succedendo a lui e

intorno a lui. Nella vecchia casa ormai disabitata gli tornano alla mente ricordi dimenticati che gli aprono le porte consistenti con svelare il mistero in cui si è trovato immerso e gli suggeriscono come nascondersi agli uomini che lo inseguono perché guidava l'auto eterna: in un mondo parallelo, in cui trova robot, androidi e persone. Un po' a volte Jay capisce cose su di sé che non aveva mai capito, ne scopre di nuove e ottiene rivelazioni e spiegazioni su quanto sta accadendo. Da vittima di un apparente complotto ordito contro l'umanità dai costruttori di oggetti eterni Jay ne diventa un protagonista. Aggiungere altro sulla trama sarebbe (troppo) spoiler, quindi mi fermo. Androidi, Ring around the Sun robot, mondi paralleli: questi gli elementi di fantascienza fra i quali si svolge la vicenda di Jay Vickers, e tramite cui Simak traccia una critica e/o una preoccupazione riguardo allo stato della società umana, che non riesce a trascorrere nemmeno un giorno senza che da qualche parte, o meglio in più parti della Terra, vi sia guerra e violenza e in cui il consumismo e il desiderio del denaro vanno avanti a tutto. Se si pensa che dalla stesura del romanzo advert oggi sono trascorsi più di 60 anni e la situazione socio-politica non è migliorata, anzi, viene da pensare che i grandi scrittori di fantascienza siano delle Cassandra inascoltate. Certo, anche adesso film, serie televisione e romanzi apocalittici hanno molto successo. Si vede che è molto più divertente immaginare come l'umanità andrà a finire (uso il verbo finire nella sua accezione di terminare) che cercare un modo in step with migliorare il mondo in cui viviamo nella realtà, un mondo che è sempre più "con le spalle al muro".
