# Scandinavia in World Politics by Christine Ingebritsen

Christine Ingebritsen

This transparent and fascinating textual content deals a sustained appraisal of Scandinavia's international coverage and position within the international economic climate within the post-Cold battle period. In an period while strong citizenship within Scandinavia in World Politics the international neighborhood has turn into a diplomatic precedence for plenty of states, Christine Ingebritsen argues that Scandinavia in World Politics Scandinavia has either the legitimacy and the household political attributes to be an incredible foreign player. She examines how social innovators resembling Sweden and Finland search to persuade ecu integration and the way Norway has cultivated a different and leading edge area of interest in its international relations. Scandinavia, she convincingly shows, has turn into a 'norm entrepreneur, ' workout its effect out of the country via ethical leadership-from sponsoring the Nobel Prize and taking part in international peacekeeping efforts to delivering beneficiant overseas relief and tracking human rights abuses within the overseas community. Demonstrating how Scandinavia has made its version of the great society workable on an international scale, this article bargains a desirable case of small-state good fortune and individuality in an more and more globalized global

## Scandinavia In World Politics
