G. William Domhoff

s/t: A learn in Ruling-class Cohesiveness George William Domhoff was once born in Youngstown, OH on 8/6/36 to George Wm & Helen S. Cornet Domhoff. He obtained Psychology degree from Duke college (BA), Kent country college (MA) & collage of Miami (PhD). he is a study Professor in psychology & sociology on The Bohemian Grove and Other Retreats the college of California, Santa Cruz. His 1st book, Who principles America?, was once a debatable Nineteen Sixties bestseller which argued that the us is ruled via an elite possession classification either politically & economically. Domhoff used to be an assistant professor of psychology at I. a. country The Bohemian Grove and Other Retreats collage within the early sixties. In 1965, he grew to become an assistant professor on the collage of California, Cowell College, Santa Cruz, the place he's now professor of psychology & sociology. he is writer of Who ideas America? (1st ed. 1967, most up-to-date variation 2009) & many different famous books in sociology & strength constitution research, in addition to discovering that means in desires (1996) & The clinical learn of goals (2003).

Bohemian Grove is better identified due to Alex Jones sneaking in and filming their Cremation of Care "ritual". Jones has performed a few excellent The Bohemian Grove and Other Retreats documentaries yet that one was once a piece hokey. i feel he learn an excessive amount of into it in addition to making a few fake claims. Like claiming the massive wood Owl at the grounds was once supposed to be a totem of the demon Molloch. Molloch was once a bull, now not an owl!The Cremation of Care turns out extra like a play than any type of "Satanic" ritual. This book, which got here out long ago while Nixon used to be President does not learn a lot into it as Jones did. He does pass into how into placing on performs those elites are. hello possibly those international elites of their center of hearts are not anything yet a number of annoyed drama membership fruits. Domhoff additionally writes approximately one other elite membership for global elites the place their tremendous factor was once enacting their cowboy fantasies. now not each member used to be down for this system apparently. Tapes got here out many years again of Richard Nixon, who was once a member of the Bohemian Grove saying, "It is the main faggy goddamned factor you may ever imagine". Ha ha!Overall this ebook fairly does not provide a lot other than an outline of the Cremation of Care "ritual", descriptions of the goings on on the grove, speak of a number of different retreats/clubs and an immense member checklist consisting of Presidents, Senators, heads The Bohemian Grove and Other Retreats of corporations, bankers and different great filthy rich types. it really is superseded contemplating it used to be released within the Nineteen Seventies however it isn't really as sensationalistic because the Jones documentary.
