# The Edge of Sleep (John Becker #3) The Edge of Sleep (John Becker #3) by David Wiltse

David Wiltse

A tantalizing mystery a couple of deadly pairing of 2 sociopaths who get away detection, partially simply because they do not healthy the serial-killer bill. "David Wiltse is remorselessly skillful in shooting and maintaining our entire and breathless attention, " acknowledged the hot York instances publication overview approximately Prayer for the Dead, the The Edge of Sleep (John Becker #3) author's first novel that includes former FBI agent John Becker. Now Wiltse brings Becker again in a mystery that breaks all of the ideas and takes the reader to the edge. the sting of Sleep reunites John Becker with FBI agent Karen Crist, his former protegee and ex-lover. Crist is at her wit's end: little boys are disappearing, purely to show up murdered at an alarming - and extending - rate. The killer is in free-fall: out of control, desperate, unchecked. What Becker The Edge of Sleep (John Becker #3) and Crist do The Edge of Sleep (John Becker #3) not suspect is that the assassin on no account suits the normal serial-killer profile. So even if they arrive nose to nose with the guilty, neither Becker's instincts nor Crist's education places them any towards breaking this chilling streak of crime. earlier than they arrive with regards to unmasking the killer, they'll themselves turn into now not quite a bit the hunters as all-too-easy prey. fast moving and hard-driving, the sting of Sleep is an excellent novel of the hunter and the hunted that secures Wiltse's acceptance as a author who can continue readers up all night.

one other more suitable novel of mental suspense via The Edge of Sleep (John Becker #3) Wiltse that includes John Becker, the mythical FBI agent with the normal haunting past. Though, the radical does not provide a lot within the manner of really good deductive abilities nor interesting tidbits approximately investigative strategies stable police procedural could offer, Wiltse excels in telling a gripping tale peopled with attention-grabbing characters and fun banter between various characters. A compelling novel a couple of psychopathic duo which was once kidnapping and murdering younger boys; one other strong addition to Wiltse's Becker series.
