

Tree and Leaf: Including the Poem Mythopoeia

J.R.R. Tolkien

Tolkien's vintage essay on fantasy, "On Fairy Stories", is complemented by way of his fascinating story, "Leaf through Niggle" and the poem "Mythopoeia".

"Sognare non sempre è vanità.non sempre invano vorremmo aver ragione di un dolore vero..."raccoglie fiabe,una poesia,un saggio e un racconto epico. Appare subito chiaro il perchè

questo libro non venga più stampato e distribuito. Racchiude poca narrativa a fronte di molti approfondimenti sulla fiaba, il mito ecc ecc. Un libro più di *Tree and Leaf: Including the Poem Mythopoeia* studio che di piacere (non che le 2 cose non possano coincidere) che racchiude in se un'altro grave difetto editoriale. 2 dei racconti che propone sono oggi stampati singolarmente e arricchiti da apparati che qui mancano (prefazioni, commenti, note al testo ecc ecc). Quel poco che c'è (in termini di quantità) merita comunque l. a. più grande considerazione e attenzione. "Sulle fiabe": a hundred pagine devote alla fiaba, dove T. prova a dare una risposta personale che ripercorra le origini e spieghi le connessioni con il mito, con il mondo dei bambini, con il significato del termine "fantasia" e con ciò che l. a. favola e los angeles fantasia portano in step with lui (Feeria intesa come subcreazione e fantasia intesa come massima capacità umana) e in line with gli altri (la favola intesa come genere relegato al mondo childish e scartato dal mondo moderno/adulto, a cui si affibbiano aggettivi intesi nel loro senso negativo quali ristoro, evasione e consolazione). l. a. parte sicuramente più rivelatrice del suo pensiero e interessante dell'intero libro. l. a. parte più area of expertise di queste a hundred pagine resta comunque, *Tree and Leaf: Including the Poem Mythopoeia in keeping with me*, los angeles definizione di scrittore di favole (che io allargherei anche a quello fantasy, fantascientifico ecc ecc) come subcreatore di una seconda dimensione dove il lettore può entrare e credere. Inutile nascondersi dietro artifici come il sogno, perchè un "universo di qualità" non ne ha bisogno according to apparire vero agli occhi del lettore. Più il submondo è *Tree and Leaf: Including the Poem Mythopoeia* coerente, organico e risulta vero agli occhi del fruitore più sarà una creazione di qualità. Ma quando l'incredulità del "è vero? non è possibile" si manifesta allora tutto il castello di carte crolla e si ritorna nel mondo reale, a guardare con occhi diffidenti dall'esterno un qualcosa che ha, purtroppo, qualche pecca e crepa. Quando l. a. magia si *Tree and Leaf: Including the Poem Mythopoeia* spezza vuol dire che qualcosa nel momento della creazione è andato storto. Una piccola lezione che ogni lettore e autore dovrebbe tenere bene a mente.", di *Niggle*: Favola su un piccolo pittore che abita in una non precisata campagna con vicino un uomo zoppo e sua moglie. *Niggle* e il suo vicino sono molto particolareggiati, veniamo a sapere infatti che *Parish* (questo il nome del vicino) mal sopporta il pittore e los angeles sua arte, mentre *Niggle*, scontroso e pigro, pur non avendo un gran talento vorrebbe dedicarsi totalmente al suo quadro, ma viene sempre interrotto da impegni e da richieste altrui e, visto il suo gran cuore, non riesce a dire di no a queste scocciature. l. a. storia si dipana attraverso momenti quasi onirici, visto che raramente si ha l. a. certezza di ciò che sta accadendo nelle pagine e il tutto viene lasciato (come sempre fa T.) all'immaginazione del lettore. Il finale lascia aperti molti interrogativi, e anche se non è da T. usare l. a. metafora personalmente ho visto un racconto su un pazzo in un manicomio chiamato *Niggle*. Opzione che mi stuzzica non poco perchè non da T. appunto. "Mitopoeia": Poesia che immagina un fittizio dialogo tra un *Filomito* (amante del mito) e un *Misomito* (detrattore del mito), composta come risposta alle dichiarazioni *Tree and Leaf: Including the Poem Mythopoeia* di Lewis secondo cui i miti sono solo "menzogne inutili, sebbene sospirati con tremor d'argento". Poco da dire qui, gli spunti sono più o meno gli stessi del paragrafo "sulle fiabe" anche se l'accento posto sul mito come conoscenza primaria e "l'invettiva" contro l'uomo industrializzato che ha dimenticato il passato e si è imbarbarito meritano il prezzo del biglietto. Personalmente preferisco comunque il Tolkien filologo, narratore e saggista piuttosto che poeta. Sugli ultimi 2 racconti "Il fabbro di *Wootton Major*" e "il ritorno di *beorhthnoth* figlio di *beorhthelm*" è inutile scrivere, ci sono già libri (molto più completi) appositamente fatti in keeping with questo scopo.

Tree And Leaf Including The Poem Mythopoeia

Also, have a factor or choose if the week. As intended options might domestically understand of its designed angels that will take out from a people for some work on free, small exporter.
