Turkish Foreign Policy During the Second World War: An 'Active' Neutrality

Selim Deringil

The strategic significance of Turkey on the outset of the second international warfare made it inevitable that the newly-born republic may be the objective of covetous glances from each nice power. This e-book presents the 1st entire and systematic research of Turkish international relations in the course of the conflict, because the Turks successively fended off strain from either the Axis and Allied powers to go into the war. The Turkish place of 'active neutrality' was once criticised either on the time and for this reason for its 'immorality', yet Professor Deringil indicates that Turkey's personal army and political weak point made the other plan of action impractical. maintenance of the nascent Turkish country needed to be the guideline in the back of her international Turkish Foreign Policy During the Second World War: An 'Active' Neutrality policy, and this was once pursued with significant tactical acumen through diplomats and strategists still, to a couple extent, versed within the Ottoman tradition.
